

EVERY MINUTE

! ! ! COUNTS ! ! !

Arriving late can affect your child's attendance!

Lateness = lost learning (figures below are calculated over a school year) Every minute Counts	
5 minutes late each day	3 days lost!
10 minutes late each day	6.5 days lost!
15 minutes late each day	10 days lost!
20 minutes late each day	13 days lost!
30 minutes late each day	19 days lost!

As few as 19 missed days over the school year reduces your child's chances of success. Your child's SAT results could drop by one grade across all subjects.

Don't let your child miss out!

What you can do:

- Have a regular routine for the start of each day.
- Help your child get their clothes and equipment ready before they go to bed.
 - Set a reasonable bed time to make sure they get enough sleep.
 - Set an alarm to help you wake up on time to get ready for school
- Get your child to school on time. If they are late they have a bad start to the day. If your child arrives late for class:
 - They miss out on important learning, which could affect their achievement.
 - They don't have the social time to settle into class.
 - It can be embarrassing for them.
 - They may disrupt the learning of the rest of the class
 - They will miss the similar learning every day

A kind and inclusive learning community for all!
